# EDUCATIONAL WEBINAR SERIES 2024

## GOALS

### MISSION

To provide a universal access to the world's best education in clinical neuropelveology

### HOW IT WORKS

You are interested in Neuropelveology, and you want to better understand and help your patients suffering from pelvic pain unknown genesis ....

...then you can register and take part in this continuing education course in neuropelveology. Each webinar takes place by zoom and lasts around 4 hours.

The "zoom" invitation is sent 15 minutes before the start of each webinar directly to your own e-mail address. There are 3 webinars in all, culminating in an e-examination (1 hour) via zoom (MCQ) for your accomplishment with ISON-Level 1 Certificate.

### GOALS

Acquisition of an absolute knowledge and understanding of the pelvic neuro-functional anatomy is essential in clinical neuropelveology and take a large place in this course.

These Educational Webinars provide extensive lectures focusing on diagnosis of neurogenic and non-neurogenic pelvic nerves conditions and pathologies of the central nervous system affecting pelvic nerves organs and walking functions. With this Certification ISON Level1 in Clinical Neuropelveology, the doors to neuropelveology diagnostics will be open to you.

We look forward to seeing you in the webinar room!

Best regards

*Marc Possover – Founder & Chairman of the ISON*
