# ONLINE COURSE - ISON LEVEL 2

## 1ST SESSION - DIAGNOSIS IN NEUROPELVEOLOGY I

 **29TH MARCH 2026 - 2PM TO 4PM (CET)**

### CONTENT OF THE PATIENT HISTORY IN NEUROPELVEOLOGY

- Comprehensive assessment of pain characteristics
- Gynecological and surgical history
- Visceral vs somatic symptoms
- Neurological symptoms
- Systemic / internal / autoimmune anamnesis
- Medication and prior pain treatments
- Psychological and social aspects

### CLINICAL NEUROPELVEOLOGICAL EXAMINATION

- Inspection – Recognizing Pelvic Somatic and Sympathetic Nerve Disorders
- Clinical Examination – Motor and Sensory Assessment of Somatic and Autonomic Pelvic Nerves

### IMAGING & FUNCTIONAL TESTS IN NEUROPELVEOLOGY

- Diagnostic nerve blocks & therapeutic infiltrations
- Role of ultrasound and Magnetic Resonance Imaging (MRI)
- Value of electrophysiological testing (ENG | EMG | SSEP)
- Value of urodynamic testing

### Q & A

**BECOME A MEMBER OF THE ISON - [WWW.THEISON.ORG](http://WWW.THEISON.ORG)**

# ONLINE COURSE - ISON LEVEL 2

## 2ND SESSION - DIAGNOSIS IN NEUROPELVEOLOGY II

 19TH APRIL 2026 - 2PM TO 4PM (CET)

### PRERECORDED REAL CONSULTATION

- Real-life examples of a complete neuropelvelogical consultation
- Provides didactic insights into differential diagnosis and decision-making

### Q & A

- Interactive discussion for clarification and deeper understanding of neuropelvelogical diagnosis
- Aims to bridge theoretical knowledge with real clinical practice

# ONLINE COURSE - ISON LEVEL 2

## 3RD SESSION - THERAPEUTIC APPROACHES IN NEUROPELVEOLOGY

 **3RD MAY 2026 - 2PM TO 4PM (CET)**

### INTRODUCTION

- Treatment principles in neuropelveology: causal vs symptomatic therapy
- Stepwise approach: from conservative to invasive

### MEDICAL TREATMENT

- Pharmacological treatments & adjunctive therapies
- Treatment of comorbidities

### SURGICAL TREATMENT- PRERECORDED VIDEOS

- Anatomical dissection of the pelvic autonomic nerves & plexus on cadaver
- Laparoscopic dissection of the sacral plexus, sciatic and pudendal nerves on a female cadaver
- Laparoscopic exploration/decompression sacral plexus/lumbal plexus
- Laparoscopic treatment endometriosis of the sciatic nerve & sacral plexus
- Laparoscopic treatment pelvic nerves tumors
- Laparoscopic nerves release after colpopexy and herniorrhaphia

### POSTOPERATIVE MANAGEMENT

- Follow-up and monitoring
- Pain management and supportive therapy

### Q & A

BECOME A MEMBER OF THE ISON - [WWW.THEISON.ORG](http://WWW.THEISON.ORG)

# ONLINE COURSE - ISON LEVEL 2

## 4ST SESSION - NEUROMODULATION & BIOELECTRONIC

 **17TH MAY 2026 - 2PM TO 4PM (CET)**

### PRINCIPLES OF NEUROMODULATION

- Neurophysiological basis of stimulation therapy
- Parameters: frequency, amplitude, pulse width and duty cycles
- Ortho- vs antidromic stimulation

### POSSOVER'S LION PROCEDURE IN SCI PEOPLES

- Indications
- LION procedure - prerecorded video
- Postoperative follow-up

### PELVIC DISORDERS - THE GNS PROCEDURE

- Indications
- GNS procedure - prerecorded video
- Postoperative follow-up

### FROM THE *e-BODY* TO THE BODY'S NEURAL CLOUD

### Q&A

BECOME A MEMBER OF THE ISON - [WWW.THEISON.ORG](http://WWW.THEISON.ORG)

# ONLINE COURSE - ISON LEVEL 2

## 5ST SESSION - ONLINE EXAM

 **31 MAY 2026 - 2PM TO 3PM (CET)**

## ONLINE EXAMEN - MULTIPLE CHOICES & CLINICAL CASES

- ISON Level 2 Certification with Official ISON Diploma
- Essential for all professionals aiming to specialize in Neuropelveology.
- The certification exam will be conducted live via Zoom.
- It is a 1-hour examination including, multiple- and single-choice questions (QCM format), Clinical case discussions and Surgical scenario questions
- A minimum score of 60% correct answers is required to successfully pass the exam and obtain the ISON Level 2 Certification Diploma.
- In case of failure, candidates may apply for one additional attempt after payment of a reduced re-examination fee (EUR 250).
- If a candidate fails the exam twice, they must re-register for the full program, attend all course sessions again, and pay the full registration fee before being eligible for another examination.
- This policy ensures fairness and maintains the high academic standards of ISON certification.

**CANCELLATION AND REFUNDS:** CANCELLATION REQUESTS MUST BE MADE IN WRITING BY EMAIL TO [INFO@ISNP-GMBH.COM](mailto:INFO@ISNP-GMBH.COM) NO LATER THAN THREE WEEKS PRIOR TO THE FIRST COURSE. NO REFUNDS WILL BE GIVEN AFTER THIS TIME.

**NEED HELP? EMAIL US AT: [INFO@ISNP-GMBH.COM](mailto:INFO@ISNP-GMBH.COM)**
